mustaches

**WORLDWIDE RECOGNIZED MANUFACTURER OF
HIGH QUALITY FAKE MUSTACHES AND BEARDS**

- Our company is located in Lithuania, the member of EU. We are working in a field of party articles since 1996. Our produced mustaches and beards are ideal for parties, carnival, various shows, TV and cinema.
- All our live-size mustaches and beards are handmade, hand ventilated and combed.
- They are attached by means of a specific medical plaster (on the back side of a mustache or a beard). This anti-allergic plaster does not irritate the skin, is easily stuck and removed.
- If necessary this mustache and/or the beard may be cut, combed or shaped by wet hands and fixed by hair spray.
- For retail customers we offer card packing option.
- On bigger quantities customer's package is welcome.
- We will gladly make custom mustaches and beards on all orders over 100 pcs.

■ Our story

■ We're a family-run business selling handmade false mustaches and beards to wholesalers, stores and people all over the world. We're based in the European Union, in Lithuania.

■ Founders Tomas Siuipys and his wife Rasuole have been in the party industry for more 20 years. They've built a nationwide chain of party supply shops. At one point, unable to find really good fake facial hair, they began making it themselves – in all sorts of styles and colors.

■ That was 6 years ago. Customers liked the newproducts so much that we decided to start offering them to the world. Now our fans are spread out across four continents and many countries, including the U.S.A. We have distributors in Europe, Canada, Australia and Japan, and also sell our 'staches globally on Amazon.

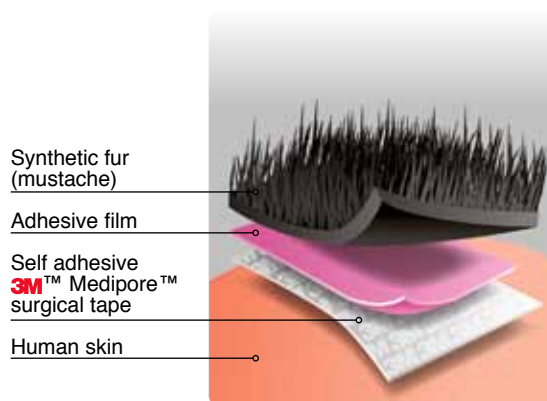

■ We're a modern environmentally friendly company. Quality is our criteria No. 1. Creativity ensures everyone has fun. And great service makes life easier for our customers.

■ The sticky fabric plaster, which contacts to the skin has CE certificate. It is classified according to Annex IX rules of the Medical Device Directive 93/42EEC as Class I device and is in accordance with Annex VII and all other applicable provisions of the Directive 93/43/EEC on the approximation of the laws of the European Union Member States concerning medical devices.

Our markets are in USA, Canada, Japan, Australia, Norway, Sweden, Finland, Lithuania, Poland, Russia, Germany, Belgium, Netherlands, France, Italy, Austria, Switzerland, United Kingdom, Ireland, Spain, Portugal, Qatar.

★★★★★ **Expensive Yes, But Well Worth The Money!**

These mustaches were used as gifts to my family at my sister's birthday. They were very well received! The quality and appearance of these mustaches turned-out to be worth the price. No one was reluctant to wear them and the "fit" was epic :)

I looked at several pages of mustaches here on Amazon, many far cheaper in price than these but I am glad I went-for the more expensive product, the cost proved to be nothing compared to the fun and happiness of my family's party.

★★★★★ **Great!**

Great product. Bought and used by my child for a school play. Several people asked where I had purchased it as they had only found the cheaper looking ones in the stores.

★★★★★ **Adhesive was comfortable...**

Adhesive was comfortable and lasted longer than 8 hours at work for Halloween! Easy to trim the costume to fit the style you're looking for. Lightweight and decent looking product. 10/10. Thank you!

★★★★★ **A+++**

These things are AWESOME. Bought them for a mario & luigi costume. Only down side is that the glue is so strong that it can be a little hard to smile wearing this lol. I also had some glue residue stick to my lip for a little bit after I took it off. Got it all off with a good scrubbing. I imaging some rubbing alcohol should do the trick as well.

Check out all great reviews

■ Different types and colours of synthetic fur can be surprising. The surface and the texture can also change the look of same shape mustaches. But the most different look is achieved by using different length of hair. We have selected these raw furs for our mustaches and beards for only one reason... They just simply look perfect...

Party ■ Show ■ Carnival

We are a family run business based in Europe, Lithuania. The husband and wife have been working in the party industry for more than 15 years, when decided to start manufacturing fake fur mustaches and beards themselves.

We put our main focus on the quality of the products we produce, while also keeping up with new designs and needs of our clients. After 5 years of hard work, our mustaches and beards are being sold worldwide, literally. Australia, USA, Japan, and Europe.

Our model (he is basically a celebrity among our numerous clients) Danielius Zaliekas is our father (and Father-in-law), he presents more than 1000 mustaches and beards we manufacture. It has taken him 22 photo sessions so far, each lasting from 5 to 8 hours. He is 75 now and hard to believe, but never in his life had he worn any facial hair of his own. Danielius is our honored model and we are grateful to him a lot.
